**EVENT SERVICES**

## Overview:

We insure all our crew for all aspects of our industry, our riggers and climbers can work with no height restrictions & general crew are also insured for height work so they are covered for truss spot calls & production climbing.

When we arrive at a venue we have all PPE & tools we are likely to need for that call & using our fleet of MPV's we can be anywhere in the UK in a matter of hours making short notice calls a speciality!

All our crew are Live Event Technician Safety Passport Certificated & there is a qualified first aider on all calls. We continually review our Health & Safety policy to keep up with the latest guidelines & legislation as we firmly believe that safe working practices & a safe working environment are of paramount importance.

## Services:
